

Because they **have** a specific 5 year professional training.

Because they **provide** expertise in mountain risk management.

Because they **are** the only registered professionals at regional and national level.

# I choose a mountain guide.

Because they **have** a regional and national register for professionals specialized in high mountains.

**Rely on** competence!  
You find it in the 2 certified symbols of International Mountain Guide and of Regional Division of Aosta Valley Mountain Guide.
